AMERICAN OVERSIGHT

Colleagues,

Please join Secretary Ben Carson and Acting Deputy Secretary David Eagles on Tuesday, September 12th for an employee town hall and the official launch of HUD's Reform Plan, FORWARD: Forging A New HUD Together. You will have an opportunity to learn more about HUD's key initiatives, meet the Reform Plan Champions Council, and give input on how best to forge a new HUD together.

The town hall will begin at 2:00 p.m. EDT. Headquarters staff may join the program in the Brooke-Mondale Auditorium. Regional and field staff may watch live via webcast <http://webcast.hud.gov/> . We recommend using Internet Explorer to view the webcast <http://webcast.hud.gov/> . We welcome your questions about the reform plan in advance of the town hall. Please email questions to TownHall@hud.gov <mailto:TownHall@hud.gov> and we will attempt to answer them during the program.

Thank you again. We look forward to unveiling HUD's Reform Plan and sharing more on the 12th!

Subject: RE: follow up from welfare reform kickoff meeting

Deana - since you are out I went ahead and drafted the initial Envision Center language for the WH Opportunity Initiative. This is a place holder since they asked for the language by COB today. Looking forward to your edits next week on what I wrote.

Dana - I didn't get a chance to connect with you today on this. This is the beginnings of the WH Opportunity Initiative and they requested we submit by COB today some of the actions HUD is considering to promote economic opportunity and reform the current welfare system. I included PIH's piece but a key piece missing is

AMERICAN OVERSIGHT

your "Responsible Homeownership" piece that is part of our strategic objective. Let's connect early next week on some language we can submit to the WH on this action. Or you can connect me in a separate email with whomever on your staff could help me construct this language.

Thanks, everyone and have a great weekend!

Deana;

Good morning. I am in the Senate most of today (until 3pm) then heading to CLPHA reception. I am heading to New York at 7, and then I am in Atlanta all next week. I am back in Washington the week of 7/24.

AMERICAN OVERSIGHT

If you would like to have a call; I can certainly arrange that to fit your schedule, and I could swing by this afternoon if that is convenient. I am flexible most of the week of 7/24 for a meeting as well.

Please let me know your preference as well as your availability.

Thank you.

Good Afternoon Executives:

It is time for HUD to re-certify its senior executive service performance management system. This is a pay-for-performance system which requires that OPM certify our performance appraisal system, with OMB concurrence.

Once we are certified, we can make SES pay adjustments and have access to the higher aggregate pay limit. Therefore, we thank you for accepting this required training which will introduce you to the new SES performance management system.

After this training, you will provide an important deliverable due on July 27, 2017 - your FY18 performance plan which is an integral requirement for certification.

You will also understand the following new criteria:

* The new government-wide SES performance measures and management system
* How to develop a Critical Element 5 new criteria
* How to write measurable results in accordance with the OPM mandate for certification.
* How to delineate clear results
* How to identify quality indicators
* Assure a clear transparent reference to the strategic plan and other organizational performance documents

Subject: Embassy Science Fellows Brief

Deana,

I'd like to set up a quick meeting to give you an overview of the Embassy Science Fellows Program. Matt Ammon will meet with Sheila about this soon but I'd like to give you a brief before that. The Embassy Science Fellows program is a State Department led program where experts from US agencies are sent to Embassies around the world to work on specific projects for up to a 90 day period. The State Department pays for about half the cost of the fellowship, HUD pays for travel to the location and MI&E per diem only, not the hotel. We have two PD&R staff members who have been selected for a fellowship in Somoa and Cambodia.

HUD joined the ESF program this year. For the first year, only PD&R participated in the program but the next year we would like to open this up to all of HUD. But of course, before we move forward we

AMERICAN OVERSIGHT

need to know if Secretary Carson would like us to continue in this program and if our two current selectees will be authorized to participate.

I've attached a background sheet on the program.

The Office of National Drug Control Policy (ONDCP) is required to develop and submit to Congress a National Drug Control Strategy on an annual basis. In developing the Strategy, ONDCP consults with a number of partners and stakeholders, both internal and external to the Federal Government. Your agency is an important stakeholder and partner with ONDCP.

As we begin the Trump Administration's first Strategy, your input will be vital. As the Acting Director of ONDCP, I would like to invite you to attend a meeting about the Strategy on July 6, 2017 at 11:00AM in Room 350 of the Eisenhower Executive Office Building. The meeting will be an opportunity to hear from ONDCP about the Strategy

development process and our vision for the Strategy, and to solicit feedback from all our Federal partners which will help guide the drafting of the Strategy. I highly encourage attendance from your agency, as it is critical that this first Strategy encompasses ideas from every Federal agency that is involved in reducing drug use and its consequences.

Meeting pre-work: Rethink American Communities

What are actions we can take for the agency, an office, or specific program to improve our efforts related to:

1. Promote economic mobility by encouraging self-sufficiency and financial stability among HUD-assisted residents.

2. Eliminate lead and ensure that American homes are safe again.

3. Enhance and reform our programs that reduce the rental burdens in every American community to increase affordable housing options.

Can these actions be implemented in 30 days, 180 days, or more than 1 year? These suggestions should represent your priority actions for improvement with no more than 4-6 ideas.

Hi, Victoria. We spoke on March 28th, just before the kick off of your "learning tour" in TX. I run a program serving homeless women and children in Sacramento-- a program that has had to walk away from HUD funding due to our inability to require sobriety and other life-improvement programming while accepting HUD funding.

We discussed meeting in person as a next step. We are working on a trip to D.C. on June 5th-7th. Might you have some time to meet during that window?

Hi, Victoria. We spoke on March 28th, just before the kick off of your "learning tour" in TX. I run a program serving homeless women and children in Sacramento-- a program that has had to walk away from HUD funding due to our inability to require sobriety and other life-improvement programming while accepting HUD funding.

Good Afternoon Deana,

I hope that all is well. As follow-up to our conversation during the Catholic Charities USA (CCUSA) Spring Gathering in Alexandria, I would like to schedule a time to meet with you to discuss the Administration's housing priorities and to share with you priorities and concerns of the Catholic Community. Joining us for the meeting would be Brian Corbin, executive vice president, CCUSA and Mark Rohlena, director of Office of Domestic Social Development, United States Conference of Catholic Bishops (USCCB) and maybe a few staff from both organizations.

Would you be available to meet some time during the next couple of weeks? If so, please let me know your availability so I can coordinate with USCCB/CCUSA participants.

Thanks,

Lucreda

AMERICAN OVERSIGHT

Subject: Section 3 Task Force

Dear Ms. Bass,

The National Association of Home Builders (NAHB) recently met with Sheila Greenwood and Janet Golrick to discuss our common goals and share some policy concerns. In the course of our conversation about Secretary Carson's interest in the Section 3 program, Ms. Greenwood referred us to you as the point person on the Secretary's Section 3 Task Force.

NAHB would appreciate the opportunity to meet with you at your earliest convenience to discuss the Secretary's plans for Section 3. Additionally, we would like to learn more about the Task Force, and to participate in the Task Force discussions as opportunities present.

Although NAHB does have some concerns about the administrative and cost burdens associated with the current Section 3 requirements, we would like to be part of the important conversation about employment opportunities for low-income men and women in the construction field. In fact, NAHB's affiliated Home Builders Institute (HBI) is a national leader for career training in the building industry. Through certification programs, mentoring, pre-apprenticeships and job placement services, HBI prepares its students – including at-risk and underserved populations such as youth, veterans, ex-offenders and displaced workers – with the skills and experience they need for successful careers in the building industry.

During the next couple of weeks, we have excellent availability on:

May 17 and 18 after 11 AM
May 22 from 11 AM to 3 PM
May 23 from 1PM to 3 PM
May 25 after 11 AM
June 1 and 2 after 11 AM

Please let me know if any of these times work for you. I look forward to meeting you.

Thank you for your consideration.

Kindest regards,

Michelle Kitchen

Hi Deana, Laura,

My colleague, Southerlyn Worsham suggested we reach out to you to set up a call to discuss how HUD might participate in our MyFreeTaxes www.myfreetaxes.com <http://www.myfreetaxes.com/> program. As it's not too late to include low-income residents for 2017 we would like to speak with you at your earliest convenience. Is there a time that might work best for you on Monday 4/10 or Tuesday 4/11? Afternoons are slightly better for us. Please let us know. We look forward to speaking with you.

All Best,

Terrie Clifford

AMERICAN OVERSIGHT

Faber, President and CEO of the Baldrige Foundation, and Molly Baldrige, daughter of former Commerce Secretary Malcolm Baldrige, by to see Secretary Carson as soon as his schedule will allow. They won't need more than 15 minutes of his time.
The Baldrige Program, an office within the National Institute of Standards and Technology (NIST) has been successful since its inception in 1987. Since Fiscal Year 2012, the private Baldrige Foundation has paid salaries and expenses for employees and program operations at NIST from its own foundation assets.
Baldrige drives growth in business and manufacturing resulting in more jobs, sets standards to improve cost and quality of healthcare in the US, and is driving improvements in efficiency and student performance in our schools and higher education. Additionally, the Baldrige Program is working with the private sector to develop the Baldrige Cybersecurity Excellence Framework. This framework will build on the world-class NIST Cybersecurity Framework to develop a program that will identify and share best practices to strengthen America's cybersecurity infrastructure. This initiative also has the support of cybersecurity industry leaders from across the country.
In order to ensure the continuation of the Baldrige Performance Excellence Program, the program needs FY 2018 federal funding restored in the federal budget. It is a small funding request with enormous impact across the nation, and in every sector of the economy. It will also provide funding for the much needed Baldrige Cybersecurity Excellence Framework and Community of Excellence initiative."

* This meeting was requested by Michele Steeb

Date: 3/28/17

Time: 9:30 am- 10:00 am ET

Conference Call #: 877-336-1280; Access Code: (b)(6)

Background:

St. John's Shelter for Women and Children in Sacramento. Unlike traditional housing first programs, this shelter requires sobriety, self improvement toward a high school degree or equivalent and work experience. Women learn how to take care of their children and themselves, and become self sufficient. When they graduate, they move into jobs and apartments. It is a great program, and we were hoping to get Michele in to meet with Secretary Carson or senior staff who might consider this a model for the country. Current housing and welfare programs could better incentivize these types of programs over the housing first programs that do little to address underlying causes of homelessness.

Internal Attendees:

Lynne Patton, Senior Advisor

Deana Bass, Deputy Chief of Staff

Victoria Barton, Congressional Liaison

External Attendees:

Michele Steebe, CEO

Conference Call #: 877-336-1280; Access Code: (b)(6)

Background:

St. John's Shelter for Women and Children in Sacramento. Unlike traditional housing first programs, this shelter requires sobriety, self improvement toward a high school degree or equivalent and work experience. Women learn how to take care of their children and themselves, and become self sufficient. When they graduate, they move into jobs and apartments. It is a great program, and we were hoping to get Michele in to meet with Secretary Carson or senior staff who might consider this a model for the country. Current housing and welfare programs could better incentivize these types of programs over the housing first programs that do little to address underlying causes of homelessness.

Internal Attendees:

Lynne Patton, Senior Advisor

Deana Bass, Deputy Chief of Staff

Victoria Barton, Congressional Liaison

External Attendees:

Michele Steebe, CEO

Hello all –

Thanks for all your work thus far to brief the Beach Head Team on key issues and regulations. Office Presentations are now scheduled for the next two weeks with Secretary Carson.

Logistics: All meetings will be in the Secretary's Conference Room, Room 10233. They will last 1-2 hours – because they are scheduled tightly, please arrive a few minutes early and be ready to present on time.

Presentations: These briefings will be done electronically. By 1:00pm the afternoon before your presentation, please send your completed PPT to Anne Gribbin, Sheila Greenwood, Maren Kasper, Craig, and myself and cc: DeShaunta Franklin and Tanya Daggett. If your presentation is on a Monday, please send your presentation no later than 2:00 PM on the Friday before the weekend. Please bring up to (4) staffers you believe to be crucial to the content of the presentation or ability to answer questions. Also, please have print-outs available in case we experience technological difficulties.

Areas of focus: As indicated in the template (re-attached here), the goals of these presentations are to deliver key information to Secretary Carson and allow him and key staff to answer questions about your offices. Please plan your presentation to ensure that you address everything in the template, including any Items Requiring Immediate Attention.

I welcome questions – and appreciate your ongoing support.

Thank You!

Janet

Hello all -

Thanks for all your work thus far to brief the Beach Head Team on key issues and regulations. Office Presentations are now scheduled for the next two weeks with Secretary Carson.

Logistics: All meetings will be in the Secretary's Conference Room. They will last 1-2 hours - because they are scheduled tightly, please arrive a few minutes early and be ready to present on time.

Presentations: These briefings will be done electronically. By 1:00pm the afternoon before your presentation, please send your completed PPT to Anne Gribbin, Sheila Greenwood, Maren Kasper, Craig, and myself and cc: DeShaunta Franklin and Tanya Daggett. If your presentation is on a Monday, please send your presentation no later than 2:00 PM on the Friday before the weekend. Please bring up to (4) staffers you believe to be crucial to the content of the presentation or ability to answer questions. Also, please have print-outs available in case we experience technological difficulties.

Areas of focus: As indicated in the template (re-attached here), the goals of these presentations are to deliver key information to Secretary Carson and allow him and key staff to answer questions about your offices. Please plan your presentation to ensure that you address everything in the template, including any Items Requiring Immediate Attention.

I welcome questions - and appreciate your ongoing support.

Thank You!

Hello all –

Thanks for all your work thus far to brief the Beach Head Team on key issues and regulations. Office Presentations are now scheduled for the next two weeks with Secretary Carson.

Logistics: All meetings will be in the Secretary's Conference Room, Room 10233. They will last 1-2 hours – because they are scheduled tightly, please arrive a few minutes early and be ready to present on time.

Presentations: These briefings will be done electronically. Please bring up to (4) staffers you believe to be crucial to the content of the presentation or ability to answer questions. Also, please have print-outs available in case we experience technological difficulties.

Areas of focus: As indicated in the template (re-attached here), the goals of these presentations are to deliver key information to Secretary Carson and allow him and key staff to answer questions about your offices. AMERICAN OVERSIGHT

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with Craig T. Clemmensen about his journey to become a HUD Leader.

For those viewing via webcast, you may send questions in advance or during the session to LeadershipJourneySeries@HUD.gov.

Hello all –

Thanks for all your work thus far to brief the Beach Head Team on key issues and regulations. Office Presentations are now scheduled for the next two weeks with Secretary Carson.

Logistics: All meetings will be in the Secretary's Conference Room, Room 10233. They will last 1-2 hours – because they are scheduled tightly, please arrive a few minutes early and be ready to present on time.

Presentations: These briefings will be done electronically. By 1:00pm the afternoon before your presentation, please send your completed PPT to Anne Gribbin, Sheila Greenwood, Maren Kasper, Craig, and myself and cc: DeShaunta Franklin and Tanya Daggett. If your presentation is on a Monday, please send your presentation no later than 2:00 PM on the Friday before the weekend. Please bring up to (4) staffers you believe to be crucial to the content of the presentation or ability to answer questions. Also, please have print-outs available in case we experience technological difficulties.

Areas of focus: As indicated in the template (re-attached here), the goals of these presentations are to deliver key information to Secretary Carson and allow him and key staff to answer questions about your offices. Please plan your presentation to ensure that you address everything in the template, including any Items Requiring Immediate Attention.

I welcome questions – and appreciate your ongoing support.

The one I'm not so sure about is Chicago - might defer to the group to get thoughts and coordinate with the White House to make sure we have this timed well.

Thoughtss? We can regroup if we want to discuss live.
Thanks,

Andrew, John, Deana, and Dana,

Next Monday my friend and distinguished economist and public housing scholar from AEI and UVA, Ed Olsen, is meeting with SOHUD at 1:30pm. Prior to the meeting he offered to meet with some staff. I've spoken to you all many times about him so wanted to invite you. Hunter, Mike Kelley, Stephanie Holderfield, and Alex Coffey have all met him already. If you would like to invite others, please feel free.

Arthur Brooks and Mark Calabria are both big fans of Ed Olsen and suggested we meet with him. I've attached to this email some of my favorite pieces by him if you want to read some of his work prior to Friday.

See you Friday!

Real Food Pantry
HUD's Public-Private Real Food Initiative

Real Food Pantry (RFP) seeks to partner with the Department of Housing and Urban Development (HUD) to provide an avenue for children and families in large, government owned and sponsored affordable housing communities to access healthy and nutritious, or "real food" that is not processed and unhealthy. Real Food Pantry will provide access to food that might only be available in higher cost grocery stores accompanied with educational opportunities on nutrition and health.

A key objective of the Real Food Pantry program will be to inform families of the importance of what is in their diet and why they should care. Another objective will be to track educational improvements for those children with access to the Real Food Pantry.

Real Food Pantry is a not-for-profit Social Business created and designed to address a social problem - access to real food. It is a company striving for a no-loss, non-dividend, no profit company.

AMERICAN OVERSIGHT

This is NOT a new Government Program with the need for appropriated funds to operate.

What do we need from HUD?
RFP needs access to one secure apartment in an Affordable Housing Community in order to offer Real Food Pantry offerings and associated educational opportunities. RFP will demonstrate to targeted families why it is important to know and understand what is in their food and drinks, and then assist the families in learning about alternatives readily available to them. RFP will also teach families to purchase and cook food without reliance on overly processed and chemically altered food stuffs.

Volunteers and privately-funded personnel will staff the Real Food Pantry locations. We intend to partner with already existing College Nutritional Programs to organize and operate RFP. (A location near Johns Hopkins University in Baltimore, Maryland, a location somewhere in NYC, and one near Cleveland, Ohio, would be good first targets.)

We may also plan to reach out to local sports team seeking partnerships that will assist in helping to drive home the importance of good food and proper diet to the futures of the youth. These young men and women will more likely follow a mentor's direction on the importance of the correlation between how good nutrition and educational success can pave a path for a successful future. With the likelihood of becoming professional athletes slim, the real goal is to get a good education and the first step in that direction is access to real food that is healthy.

On behalf of Hunter and myself, we thought it would be a good idea to get a standing political advisor meeting on our calendars to be on the same page in achieving the Secretary's policy agenda.

AMERICAN OVERSIGHT

During this first meeting, we will discuss a bit more of your involvement and what your roles as political advisors should and shouldn't be. Moving forward, we will use the standing meetings to keep each other apprised of progress and any challenges you might be facing.

Thank you and looking forward to seeing you at the first meeting.

Best,

Discussion: Sec. Carson's "Worst Case Housing Needs," which Sec. Carson identifies "regulatory barriers" to development as a major cause of the affordable housing crisis, along with the need for "government at all levels" to allow the private market to satisfy the demand for more affordable housing. Also, Ex. Director Robert's concerns about HUD's change in priorities and regulations for housing the homeless with special needs. Reducing regulation would reduce the need for government subsidies.

Steve Harvey Unleashed: A New Show, His Private Trump Sit-Down and That Infamous Leaked Memo

What did you and Trump discuss?

We talked about golf for 20 minutes. And then I told him, "Mr. President, I'm going to be honest with you, I didn't vote for you. I campaigned very hard for Hillary Clinton." And I said, "The problem was that we made a lot of mistakes in the campaign. We were playing checkers and y'all was playing chess. But now that you're here, you're the 45th president and I'm going to help you." He wants to know how, so I say, "You've appointed Ben Carson as the head of Housing and Urban Development, and I've got keys to a lot of cities around this country from the years of performing that I've done. I can get an ear to them really quick and find out what their real needs are. Y'all keep closing schools in the cities. Why don't we take those schools that are closing, put some HUD money in them, and reopen them as vision centers and teach STEM and computers and coding? If you connect me with Ben Carson, I can help him with that." A few minutes later, he had Ben Carson on the phone.

Anything come of it?

I've been to HUD twice. I've met with Dr. Carson and we're actually trying to get it started. We've had meetings, and now we're just waiting on the final notes. We have several teams in place. Hopefully before the year goes out, we'll be making the announcement about the first vision center.

Have you kept in touch with Trump?

No, I haven't talked to him since.

Per George -- Some issues to consider when we meet:

* If NPS enters into an interagency agreement with HUD we should consider locations where both of our agencies have assets (national park sites for us). We do not have any national parks in Detroit. We do have some small programs in the city and provide technical assistance to the city government on historic preservation issues.
* Explore HUD's existing legal authorities to work with service and conservation corps. I was told last week by Tyler Wilson of the Corps Network that legal authorities do exist that allow HUD to work directly with corps. (Tyler had some discussions with some officials in the Public Housing Program last year) This is preferred option because of the all the bureaucratic red-tape involved with executing inter-agency agreements.
* The design and scope of a pilot program in FY 2018.
* Financial resources that can be leveraged. If there are projects taking place at NPS sites we might be able to provide funding for work teams etc. The Corporation for National and Community Service probably should be brought into the discussion at some point.

Hunter, Deana, John and Adolfo,

Thank you for agreeing to be on a panel to discuss the Secretarial initiatives with OGC's field and headquarters managers. I have attached the final agenda.

Beth Zorc will introduce you as she is finishing up. Sheila will be speaking for the first 15 minutes at 9:00 and then leave. In addition to her substantive remarks, Beth will be giving out service pins and Distinguished Service Awards so there should be a lot of positivity in the room before you present.

I leave it to you to divide the time among you, but 15 minutes of remarks each would be good. That would leave 15 minutes for questions and answers. The audience will be friendly and engaging.

Hi Deana - My name is Jessica Lee and I'm the Branch Chief of Housing at OMB. I haven't had the pleasure to meet you yet but hopefully, that'll change sooner rather later!

The reason why I'm reaching out is about the envision centers. We've heard about the sketch concept through a number of channels and wanted to make sure we understood the specifics, be in the loop on any roll out, and be helpful along the way.

Your time is much appreciated. Feel free to let me know when is a good time to touch base.

Thanks,

Subject: Jobs Plus interim report

Deana

I am going to send an invite to you (Next Tuesday at 1 pm) for a briefing on the attached Jobs Plus research report (a short summary is also below). We had a meeting with Hunter, Seth, Chris, and a number of other folks to discuss who should be made aware of the findings from different studies and we agreed to brief you on the findings of this study before we release the report to the public.

AMERICAN OVERSIGHT

Jobs Plus is based on a demonstration conducted in the 1990s that showed a combination of work supports, income disregards, and community engagement could have a significant and long-lasting impact on improving tenant income.

Congress funded Jobs Plus as a new program a few years ago and PDR is studying the implementation and outcomes of the new program. The first report from this research is completed and we would like to post it. It is of high interest to the PHAs implementing the program, or planning to implement the program, because it discusses both the challenges of implementation and how PHAs have overcome those challenges.

Although the report does show some challenges with implementation, it is not controversial. Instead, it is helpful to have this type of information to identify how the program can be implemented effectively.

Thanks,

Todd Richardson

Scaling Up a Place-Based Employment Program: Highlights from the Early Jobs Plus Pilot Program Evaluation

Headline Findings

This is an early process evaluation of the new Jobs Plus program. Findings on the program impact are more than one year away. This

AMERICAN OVERSIGHT

study finds this iteration of Jobs Plus programs as being implemented more quickly and fully than the original demonstration and a more recent PHA initiated replication (SIF). The original demonstration saw just three of the six sites implement the model. In this iteration, it appears that nearly all sites will fully implement the model. In the SIF replication, the financial incentive component of the model was hardly utilized while the Jobs Plus Earned Income Disregard (JPEID) take-up rate in the current iteration is far more promising.

Key Findings

Lessons from the interim report are grouped into four categories: (1) staffing, TA, and partnerships; (2) employment services; (3) JPEID; and (4) Community Supports for Work (CSW):

* Most programs have not hired jobs developers.
* Sites would benefit from deeper, earlier, and more frequent technical assistance that is focused squarely on helping them strengthen implementation quality.
* Successfully executing a Jobs Plus program, requires that sites engage community partners to provide an array of services to residents.
* All nine sites are providing general pre-employment services (including job readiness assessments, help writing resumes and preparing for interviews) as well as job search assistance, although residents mostly conduct their own searches.
* PHA staff working on Jobs Plus programs expressed interest in helping residents identify career-ladder jobs.
* Sites have had difficulty implementing the JPEID including: developing systems to track and report JPEID outcomes, how residents enroll to receive the JPEID, which income sources are subject to JPEID exemptions, and getting buy-in from property managers.
* Logistical challenges associated with CSW include – large size of some of the developments and a lack of access to certain buildings after hours, staff and partners not performing their roles effectively, inadequate training for community coaches, and trust issues with residents and the PHA staff limited the effectiveness of outreach.

Policy Implications

* (b)(5) Deliberative Privilege

AMERICAN OVERSIGHT

* (b)(5) Deliberative Privilege

Interested Stakeholders

* PHAs implementing and PHAs seeking Job Plus Grants

Ja'Ron,

AMERICAN OVERSIGHT

So great to see you yesterday. We are looking forward to collaborating with you on the opportunity initiative. We are having a pow-wow Friday morning to dive into it.

1. One thing Tarren forgot to mention yesterday is FGA's sister organization, FlourishNow. They are doing incredibly work on the charitable side that FGA is doing on the policy side, partnering with churches nationwide to do job fairs, connecting employers and people looking for work. We hope to do one in DC and will definitely want to invite you to participate. But next time we see you, we can go into more detail. This could be a great partner for the country-wide tour you're thinking about.

2. On another note, the reason we were asking for a HUD contact last week is regarding some input/policy challenges that one of Tarren's friends is having at their organization,Charlotte Family Housing <http://charlottefamilyhousing.org/> , in NC. The organization's mission is to empower families to long term self-sufficiency, but they have practitioner insights on how to do that. They are hoping to share their thoughts about the Housing First philosophy—that it not be the only accepted model of housing assistance that HUD supports and that local providers who have a track record of success would be rewarded and not penalized(defunded) for using methods that move families out of homelessness and into self-sufficiency. (In their specific case, they are requesting that their County's defunding decision would be reversed).

They are also very eager to meet with HUD representatives to explain their program and outline specific ways in which similar programs can work more effectively with HUD and other government agencies to move families from homelessness to self-sufficiency.

If I forward you their e-mail, do you think you could get it to right person at HUD?

Thanks much,

Robin

Agenda: One of Secretary Carson's priorities is creating agency-wide partnerships to empower residents of public housing and the concept of "Envision Centers." This discussion will touch on how HUD's work can complement the Dept. of Labor's work and ways to form a HUD/Labor partnership.

In summary, the Envision Center is a hub within public housing where residents would be able to receive support and training in the four areas below. These centers will rely on public private partnerships to leverage greater community impact.

1. Character and Leadership
2. Economic Empowerment
3. Educational Advancement
4. Health and Wellness

Section 3 is a provision of the Housing and Urban Development Act of 1968. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, and consistent with existing federal, state and local laws and regulations, be directed to low and very low income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons.

The Office of National Drug Control Policy (ONDCP) is required to develop and submit to Congress a National Drug Control Strategy on an annual basis. In developing the Strategy, ONDCP consults with a number of partners and stakeholders, both internal and external to the Federal Government. Your agency is an important stakeholder and partner with ONDCP.

As we begin the Trump Administration's first Strategy, your input will be vital. As the Acting Director of ONDCP, I would like to invite you to attend a meeting about the Strategy on July 6, 2017 at 11:00AM in Room 350 of the Eisenhower Executive Office Building. The meeting will be an opportunity to hear from ONDCP about the Strategy development process and our vision for the Strategy, and to solicit feedback from all our Federal partners which will help guide the drafting of the Strategy. I highly encourage attendance from your agency, as it is critical that this first Strategy encompasses ideas from every Federal agency that is involved in reducing drug use and its consequences.

Please click the link to RSVP and submit your clearance information for access to the EEOB building:
https://events.whitehouse.gov/form?rid=8B6C8HRXJK.

Thank you for your consideration and continued partnership.

Meeting pre-work: Rethink American Communities

What are actions we can take for the agency, an office, or specific program to improve our efforts related to:

1. Promote economic mobility by encouraging self-sufficiency and financial stability among HUD-assisted residents.

2. Eliminate lead and ensure that American homes are safe again.

3. Enhance and reform our programs that reduce the rental burdens in every American community to increase affordable housing options.

Can these actions be implemented in 30 days, 180 days, or more than 1 year? These suggestions should represent your priority actions for improvement with no more than 4-6 ideas.

Subject: Section 3 Task Force

Dear Ms. Bass,

The National Association of Home Builders (NAHB) recently met with Sheila Greenwood and Janet Golrick to discuss our common goals and share some policy concerns. In the course of our conversation about Secretary Carson's interest in the Section 3 program, Ms. Greenwood referred us to you as the point person on the Secretary's Section 3 Task Force.

NAHB would appreciate the opportunity to meet with you at your earliest convenience to discuss the Secretary's plans for Section 3. Additionally, we would like to learn more about the Task Force, and to participate in the Task Force discussions as opportunities present.

Although NAHB does have some concerns about the administrative and cost burdens associated with the current Section 3 requirements, we would like to be part of the important conversation about employment opportunities for low-income men and women in the construction field. In fact, NAHB's affiliated Home Builders Institute (HBI) is a national leader for career training in the building industry. Through certification programs, mentoring, pre-apprenticeships and job placement services, HBI prepares its students - including at-risk and underserved populations such as youth, veterans, ex-

AMERICAN OVERSIGHT

offenders and displaced workers – with the skills and experience they need for successful careers in the building industry.

During the next couple of weeks, we have excellent availability on:

May 17 and 18 after 11 AM
May 22 from 11 AM to 3 PM
May 23 from 1PM to 3 PM
May 25 after 11 AM
June 1 and 2 after 11 AM

Please let me know if any of these times work for you. I look forward to meeting you.

Thank you for your consideration.

Kindest regards,

Michelle Kitchen

Subject: Meeting Request Re - Kiki Bradley

Deana,
I am contacting you to request a meeting to discuss homelessness assistance and HUD's implementation of Housing First. Our mutual friend, Kiki Bradley, suggested I contact you. Kiki and I worked

AMERICAN OVERSIGHT

together when we were both on the Hill on welfare reform and other issues regarding self-sufficiency and poverty alleviation.
I'm contacting you because I would like to meet to discuss homelessness assistance policy and priorities at HUD. The organization I work for, Solutions for Change, is a community based organization largely funded privately that focused on permanent solutions to family homelessness through social enterprise. We end dependency on public assistance by transforming lives. Our concern has to do with HUD's priorities and policies regarding its implementation of Housing First and provisions of the HEARTH Act. Through HUD's authority and funding, we believe that homelessness assistance is actually increasing homelessness and harming homeless families and children.
My CEO and I will be in DC from June 5-8 and would very much appreciate a meeting. I will attempt to request a meeting with you through HUD, as well. Would you be able to meet sometime from the 4-the morning of the 8th?
Thank you!

Subject: Follow-Up: Vision Center Nutrition P3 - HUD, GNC and Common Threads

Deana,

Thank you again for taking time to talk with me and Marcus regarding Secretary Carson's "Vision Centers." We very much appreciate the insights and are excited to see if we can create a Public-Private Partnership to help tackle nutrition issues in inner city public housing.

As we discussed, we think a P3 between HUD, GNC and Common Threads <http://www.commonthreads.org/> , would be a creative health and wellness offering while the Secretary looks to help make public housing Section 3 compliant with physical locations focused on job training and employment opportunities. Common Threads has already developed a curriculum and teaching approach that could be underwritten by GNC to be rolled out to your piloted "Vision Center" cities. Common Threads already has a presence in Chicago, Pittsburgh and Miami, so we would propose those locations as the launch if possible, but certainly we are happy to discuss further. We think it would make sense to schedule a meeting with GNC, Common Threads and your team to discuss next steps. Included in that discussion, we are happy to bring along a copy of the proposed curriculum for your review.

Also, as we mentioned, Common Threads would like to extend a couple of invitations to the Secretary, both of which are here in Washington, so hopefully convenient to his schedule. First, below, please find an invitation from Common Thread's CEO to speak on a panel about strengthening urban communities through nutrition education. The details are attached as well and we would obviously welcome him, or his designee, to the panel. We also talked about a photo opportunity where the Secretary could join one of Common Thread's new efforts to disperse fresh fruits and veggies in a local DC neighborhood with public housing that lacks access to those ingredients—a food desert. That program will launch later this

AMERICAN OVERSIGHT

summer, so will need to get back to you with details, but we think it is an easy way for the Secretary to demonstrate his understanding of how housing can impact every aspect of someone's life!
Please let us know your thoughts on next steps. We look forward to working together on "Vision Centers!"
Thanks,
Cristina

AMERICAN OVERSIGHT

Hi All,

As you all know, the Section 3 task force has a subcommittee that is considering rulemaking and other tools the Department has that create jobs. Some have expressed interest in contributing to that committee.

At this point, it would be very helpful for each program office to provide Deana Bass (cc'd) and I, a two-page single spaced document that outlines the tools your office currently has to create jobs, including Section 3 and other tools. It would be helpful to break the document up into things you believe could be accomplished in 6 months, 1 year and 2 years. Be as creative or as practical as you deem appropriate.

Please send your two-pager's to Deana and I by COB, May 5.

Thanks everyone and have a great weekend!

Maren

AMERICAN OVERSIGHT

Deana great speaking with you last week. You remain in my prayers as you serve the Lord in your position at HUD. I know things have been crazy since we talked about a visit to HUD back in January. As you may remember Human Coalition (formerly Online for Life) has women's clinics in urban areas throughout the country and we are adding new clinics each year. Our women's clinics provide free service for women but we do not refer for or perform abortions.
Over the years since I have served in this area I have run into unique problems in urban areas with red tape and getting the runaround because I believe the work we do is in direct competition to the abortion providers. Every life we save means money lost for them. Dr. Carson visited Gary, Indiana a few years ago and spoke for one of the clinics that I help start. Despite all kinds of challenges from the city that clinics is thriving. (Thanks to then Governor Pence who stepped in)
Brian Fisher the president of Human Coalition will be town May 16 through May 18th. I would like for us to have a meeting with you to share about our work and find if there are ways that HUD can assist at least in helping us to cut through the costly hassles of setting up life affirming women's clinics that provide free services to underserved women and families.

I have copied my colleague Carrie Beliles who is also assisting me with our efforts. I look forward to your reply.

Dean

Subject: President Trump's Exec. Order to Reduce Violent Crime and Public Safety- Secretary Ben Carson

Hello Mrs. Lynne Patton,

Your name was given to me by some White House staff. Let me introduce myself first as a Pastor and secondly a friend of President Trump as we pray for him daily. I personally anointed President Trump with oil for his position as Commander and Chief. The attached letter describes our success in reducing violence and increasing public safety specifically around HUD housing areas. Dr. Carson has also met with myself in 2106 for input on societal issues and prayer. Your advise to get the letter to now Secretary Carson for his review would be greatly appreciated. Please feel free to contact me for any questions or input.

Please note that I will be in Washington DC on Friday May 5th with my wife and will be available for meetings. Our goal will be to discuss the potential to replicate the successful model of violence reduction in other major US cities.Thank you, blessings!

At the direction of Secretary Carson, Lynne Patton and Deana Bass have been meeting informally with HUD staff who have a direct impact on the Section 3 program. Nelson Bregon (Associate Assistant Deputy Secretary, Field Policy Management) and Rafiq Munir (Program Analyst in the Economic Opportunity Division of FHEO) have provided institutional knowledge of Section 3.

On Monday, April 10, we will convene the first Task Force meeting to discuss/revise the following Task Force Goals.

The purpose of the Section 3 Task Force is to:

1. Publish the final rule on Section 3.
2. Identify five cities to begin concentrated efforts to improve Section 3 outcomes. In these five cities, the working group will:
   - Identify areas of weakness in the implementation of Section 3
   - Identify areas of success in the implantation of Section 3
   - Launch a public relations campaign to promote the already existing Section 3 businesses database
3. Develop a turnkey program that helps grantees remain Section 3 compliant.
4. Track the success of the Task Force's efforts.

RESPONSIBILITIES
The Task Force reports to the Secretary and is responsible for evaluating the success and shortcomings of the Section 3 program and identifying immediate areas where the program can achieve success.

Time: 9:30 am- 10:00 am ET

Conference Call #: 877-336-1280; Access Code: (b)(6)

Background:

St. John's Shelter for Women and Children in Sacramento. Unlike traditional housing first programs, this shelter requires sobriety, self improvement toward a high school degree or equivalent and work experience. Women learn how to take care of their children and themselves, and become self sufficient. When they graduate, they move into jobs and apartments. It is a great program, and we were hoping to get Michele in to meet with Secretary Carson or senior staff who might consider this a model for the country. Current housing and welfare programs could better incentivize these types of programs over the housing first programs that do little to address underlying causes of homelessness.

Internal Attendees:

Deana Bass, Deputy Chief of Staff

Victoria Barton, Congressional Liaison

NOTE: Completed deck attached!

Hello all -

Thanks for all your work thus far to brief the Beach Head Team on key issues and regulations. Office Presentations are now scheduled for the next two weeks with Secretary Carson.

Logistics: All meetings will be in the Secretary's Conference Room. They will last 1-2 hours - because they are scheduled tightly, please arrive a few minutes early and be ready to present on time.

AMERICAN OVERSIGHT

Presentations: These briefings will be done electronically. By 1:00pm the afternoon before your presentation, please send your completed PPT to Anne Gribbin, Sheila Greenwood, Maren Kasper, Craig, and myself and cc: DeShaunta Franklin and Tanya Daggett. If your presentation is on a Monday, please send your presentation no later than 2:00 PM on the Friday before the weekend. Please bring up to (4) staffers you believe to be crucial to the content of the presentation or ability to answer questions. Also, please have print-outs available in case we experience technological difficulties.

Areas of focus: As indicated in the template (re-attached here), the goals of these presentations are to deliver key information to Secretary Carson and allow him and key staff to answer questions about your offices. Please plan your presentation to ensure that you address everything in the template, including any Items Requiring Immediate Attention.

I welcome questions - and appreciate your ongoing support.

Thank You!

Janet

Just making sure we are all working off the most current LxL for Detroit, which is attached. There is going to be a change for the lunch venue for the CDBG lunch. We are in the process of locking in a new location and will have that for everyone tomorrow. Please let Lynne or myself know if you have any questions.

The walk through today went great. Is there a time tomorrow that would work for everyone to do a call so I can give an update.

Hey Guys—

After the meeting we had after the Envision meeting today, Chad and I thought it would be best to just have that after every meeting. That way we can make sure are on the same page, especially on areas we need to be careful, and know what deliverables you need from OPA.

Thanks

Hello Deana,

Unfortunately I have a competing webinar that I'm facilitating during this time. I am happy to follow up on any request from tomorrow's meeting. Feel free to reach out regarding next steps for coordinating the HUD partners – ABCmouse, First Book, GreatSchools, and Department of Education FAFSA's, participation in Envision Center. They are awaiting next steps.

Thanks much!

Pease arrive 10-15 minutes prior to your meeting to allow time to process through Security. When you arrive in the lobby, you will need to sign-in with the receptionist listing who you are meeting with, room and phone number: Dr. George Sigounas, HRSA Administrator, Room 13N138, 301-443-2216. Please call our main number—301-443-2216—and we will send an escort for you. You will need a photo ID (or a government ID). Please keep your photo ID out while you walk through the security equipment, as the guards will ask to see it after you pass through the screening device. We will escort you out of the building after the meeting. We will send your

AMERICAN OVERSIGHT

attendee names to the Security Office ahead of the meeting to help facilitate the check-in process.

If you are traveling here via Metro, we are located about a 3-block walk from the Twinbrook Metro Station in Rockville—on the red line. It could take 10-15 minutes to walk here. If you drive, there is limited metered, street parking in front of our building on Fishers Lane—quarters are needed (there should be plenty availability that time of day). And, there is a public parking garage just off Fishers Lane (take the first left—the garage is a short distance on the right, which is about a 2-block walk to our entrance).

Let me know if you need additional information from me or if you have any questions. We look forward to seeing you on October 30, 2017.

Thank you,

Juanita Grabner

OCHCO Leadership Journey Series: John Benison

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with John Benison, Director, Office of Departmental Employment and Equal Opportunity, about his journey to become a HUD Leader.

For those viewing via webcast, you may send questions in advance or during the session to LeadershipJourneySeries@HUD.gov <mailto:LeadershipJourneySeries@HUD.gov> .

On behalf of Towanda A. Brooks, Chief Human Capital Officer:

AMERICAN OVERSIGHT

You are cordially invited to the 2017 Feds Feed Family campaign closing ceremony on Thursday, October 12, 2017 from 2:00 pm -3:30 pm in HQ's Brooke-Mondale auditorium with webcast to the field. Program offices will be recognized for their efforts and contributions. Feds Feed Families is a federal-wide effort sponsored by the Chief Human Capital Officers Council. This year, HUD employees came together nation-wide in the fight against hunger and contributed 30,000 pounds of food to area food banks. Jean Lin Pao, Director for the Office of Small and Disadvantaged Business Utilization, served as our Departmental Chair as she did in 2016 where she worked with your staff to successfully support this worthy cause.

It is because of this campaign, that this agency in partnership with the other Federal agencies around the country, has been afforded the opportunity and privilege to contribute its time and resources to generously give to those we are committed to serve. For more information about the 2017 Feds Feed Families campaign closing ceremony, please contact HUD's campaign champions, Lesley Williams at Lesley.W.Williams@hud.gov <mailto:Lesley.W.Williams@hud.gov> or Paulette Ceophas at Paulette.N.Ceophas@hud.gov <mailto:Paulette.N.Ceophas@hud.gov> .

Thank you for your continued support.

OCHCO Leadership Journey Series: John Benison

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with John Benison, Director, Office of Departmental Employment and Equal Opportunity, about his journey to become a HUD Leader.

For those viewing via webcast, you may send questions in advance or during the session to LeadershipJourneySeries@HUD.gov <mailto:LeadershipJourneySeries@HUD.gov> .

Real Food Pantry
HUD's Public-Private Real Food Initiative
Real Food Pantry (RFP) seeks to partner with the Department of Housing and Urban Development (HUD) to provide an avenue for children and families in large, government owned and sponsored affordable housing communities to access healthy and nutritious, or "real food" that is not processed and unhealthy. Real Food Pantry will provide access to food that might only be available in higher cost grocery stores accompanied with educational opportunities on nutrition and health.
A key objective of the Real Food Pantry program will be to inform families of the importance of what is in their diet and why they should care. Another objective will be to track educational improvements for those children with access to the Real Food Pantry.
Real Food Pantry is a not-for-profit Social Business created and designed to address a social problem - access to real food. It is a company striving for a no-loss, non-dividend, no profit company.
This is NOT a new Government Program with the need for appropriated funds to operate.
What do we need from HUD?
RFP needs access to one secure apartment in an Affordable Housing Community in order to offer Real Food Pantry offerings and associated educational opportunities. RFP will demonstrate to targeted families why it is important to know and understand what is in their food and drinks, and then assist the families in learning about alternatives readily available to them. RFP will also teach families to purchase and cook food without reliance on overly processed and chemically altered food stuffs.
Volunteers and privately-funded personnel will staff the Real Food Pantry locations. We intend to partner with already existing College

AMERICAN OVERSIGHT

Nutritional Programs to organize and operate RFP. (A location near Johns Hopkins University in Baltimore, Maryland, a location somewhere in NYC, and one near Cleveland, Ohio, would be good first targets.)
We may also plan to reach out to local sports team seeking partnerships that will assist in helping to drive home the importance of good food and proper diet to the futures of the youth. These young men and women will more likely follow a mentor's direction on the importance of the correlation between how good nutrition and educational success can pave a path for a successful future. With the likelihood of becoming professional athletes slim, the real goal is to get a good education and the first step in that direction is access to real food that is healthy.

On behalf of Hunter and myself, we thought it would be a good idea to get a standing political advisor meeting on our calendars to be on the same page in achieving the Secretary's policy agenda.

AMERICAN OVERSIGHT

During this first meeting, we will discuss a bit more of your involvement and what your roles as political advisors should and shouldn't be. Moving forward, we will use the standing meetings to keep each other apprised of progress and any challenges you might be facing.

Thank you and looking forward to seeing you at the first meeting.

Best,

David

AMERICAN OVERSIGHT

Required Attendees: Bass, Deana; Marzol, Adolfo F; Kurtz, R. Hunter; Bravacos, John G; Zorc, Bethany A

Hunter, Deana, John and Adolfo,

Thank you for agreeing to be on a panel to discuss the Secretarial initiatives with OGC's field and headquarters managers. I have attached the final agenda.

Beth Zorc will introduce you as she is finishing up. Sheila will be speaking for the first 15 minutes at 9:00 and then leave. In addition to her substantive remarks, Beth will be giving out service pins and Distinguished Service Awards so there should be a lot of positivity in the room before you present.

I leave it to you to divide the time among you, but 15 minutes of remarks each would be good. That would leave 15 minutes for questions and answers. The audience will be friendly and engaging.

Thank you,

Linda

Steve Harvey Unleashed: A New Show, His Private Trump Sit-Down and That Infamous Leaked Memo

http://www.hollywoodreporter.com/features/steve-harvey-unleashed-a-new-show-his-private-trump-sitdown-infamous-leaked-memo-1034591 <http://www.hollywoodreporter.com/features/steve-harvey-unleashed-a-new-show-his-private-trump-sitdown-infamous-leaked-memo-1034591>

What did you and Trump discuss?

We talked about golf for 20 minutes. And then I told him, "Mr. President, I'm going to be honest with you, I didn't vote for you. I campaigned very hard for Hillary Clinton." And I said, "The problem was that we made a lot of mistakes in the campaign. We were playing checkers and y'all was playing chess. But now that you're here, you're the 45th president and I'm going to help you." He wants to know how, so I say, "You've appointed Ben Carson as the head of Housing and Urban Development, and I've got keys to a lot of cities around this country from the years of performing that I've done. I can get an ear to them really quick and find out what their real needs are. Y'all keep closing schools in the cities. Why don't we take those schools that are closing, put some HUD money in them, and reopen them as vision centers and teach STEM and computers and coding? If you connect me with Ben Carson, I can help him with that." A few minutes later, he had Ben Carson on the phone.

Anything come of it?

I've been to HUD twice. I've met with Dr. Carson and we're actually trying to get it started. We've had meetings, and now we're just waiting on the final notes. We have several teams in place. Hopefully before the year goes out, we'll be making the announcement about the first vision center.

Have you kept in touch with Trump?

Topic: We're hoping for this meeting to be largely introductory. While it was great to have Secretary Carson at our events, we didn't have much time to sit down and get to know one another. We'd like to discuss NHC's policy agenda <http://www.nhc.org/policy-agenda> and figure out areas of overlap and mutual interest between HUD and NHC. Additionally, we'd like to bring some of our key members to discuss their own organizations, policy agendas, and how they fit under the tent of NHC.

We'd like to hear from Secretary Carson what major initiatives he has planned for the department. For example, we'd like to discuss the recent rule on streamlining of HUD regulations.

Subject: Jobs Plus interim report

AMERICAN OVERSIGHT

Deana

I am going to send an invite to you (Next Tuesday at 1 pm) for a briefing on the attached Jobs Plus research report (a short summary is also below). We had a meeting with Hunter, Seth, Chris, and a number of other folks to discuss who should be made aware of the findings from different studies and we agreed to brief you on the findings of this study before we release the report to the public.

Jobs Plus is based on a demonstration conducted in the 1990s that showed a combination of work supports, income disregards, and community engagement could have a significant and long-lasting impact on improving tenant income.

Congress funded Jobs Plus as a new program a few years ago and PDR is studying the implementation and outcomes of the new program. The first report from this research is completed and we would like to post it. It is of high interest to the PHAs implementing the program, or planning to implement the program, because it discusses both the challenges of implementation and how PHAs have overcome those challenges.

Although the report does show some challenges with implementation, it is not controversial. Instead, it is helpful to have this type of information to identify how the program can be implemented effectively.

Thanks,

Todd Richardson

# Scaling Up a Place-Based Employment Program: Highlights from the Early Jobs Plus Pilot Program Evaluation

## Headline Findings

This is an early process evaluation of the new Jobs Plus program. Findings on the program impact are more than one year away. This study finds this iteration of Jobs Plus programs as being implemented more quickly and fully than the original demonstration and a more recent PHA initiated replication (SIF). The original demonstration saw just three of the six sites implement the model. In this iteration, it appears that nearly all sites will fully implement the model. In the SIF replication, the financial incentive component of the model was hardly utilized while the Jobs Plus Earned Income Disregard (JPEID) take-up rate in the current iteration is far more promising.

## Key Findings

Lessons from the interim report are grouped into four categories: (1) staffing, TA, and partnerships; (2) employment services; (3) JPEID; and (4) Community Supports for Work (CSW):

* Most programs have not hired jobs developers.
* Sites would benefit from deeper, earlier, and more frequent technical assistance that is focused squarely on helping them strengthen implementation quality.
* Successfully executing a Jobs Plus program, requires that sites engage community partners to provide an array of services to residents.
* All nine sites are providing general pre-employment services (including job readiness assessments, help writing resumes and preparing for interviews) as well as job search assistance, although residents mostly conduct their own searches.
* PHA staff working on Jobs Plus programs expressed interest in helping residents identify career-ladder jobs.
* Sites have had difficulty implementing the JPEID including: developing systems to track and report JPEID outcomes, how residents enroll to receive the JPEID, which income sources are subject to JPEID exemptions, and getting buy-in from property managers.

AMERICAN OVERSIGHT

* Logistical challenges associated with CSW include – large size of some of the developments and a lack of access to certain buildings after hours, staff and partners not performing their roles effectively, inadequate training for community coaches, and trust issues with residents and the PHA staff limited the effectiveness of outreach.

Policy Implications

* Connections with local business communities is supposed to be an integral part of the model, but has been lacking. The Jobs Plus program office has begun discussions with staff from the Department of Labor about how local WIBs could support Jobs Plus programs and fill this gap.
* There are substantial benefits to grantees forming more formal partnerships with service providers, but HUD policies make forming these types of partnerships more difficult. Formal partnerships can be more difficult to implement because they require partners to provide matching funds or in-kind services and must be competitively procured.

Interested Stakeholders

* PHAs implementing and PHAs seeking Job Plus Grants
* State and local workforce boards
* PHA tenant advocates

OCHCO Leadership Journey Series: Calvin Johnson

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with Calvin Johnson, Deputy Assistant Secretary, PD & R, about his journey to become a HUD Leader.

For those viewing via webcast, you may send questions in advance or during the session to LeadershipJourneySeries@HUD.gov <mailto:LeadershipJourneySeries@HUD.gov> .

Subject: HUD, Dept. of Labor Mtg. RE: Envision Centers & HUD/Labor Partnership
When: Tuesday, August 1, 2017 2:00 PM-3:00 PM.
Where: Dept of Housing & Urban Development, 451 7th St. SW, OSEC Small Conf. Room 10210

Agenda: One of Secretary Carson's priorities is creating agency-wide partnerships to empower residents of public housing and the concept of "Envision Centers." This discussion will touch on how HUD's work can complement the Dept. of Labor's work and ways to form a HUD/Labor partnership.

In summary, the Envision Center is a hub within public housing where residents would be able to receive support and training in the four areas below. These centers will rely on public private partnerships to leverage greater community impact.

1. Character and Leadership
2. Economic Empowerment
3. Educational Advancement
4. Health and Wellness

Section 3 is a provision of the Housing and Urban Development Act of 1968. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, and consistent with existing federal, state and local laws and regulations, be directed to low and very low income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons.

Subject: Demand Reduction Steering Committee Meeting
When: Friday, July 28, 2017 10:00 AM-12:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: Eisenhower Executive Office Building (EEOB) Room 350 1650 Pennsyvlania Avenue, NW Washington, DC

Valued partner - recently, we sent a save-the-date email concerning our first convening of the Office of National Drug Control Policy's (ONDCP) Drug Demand Reduction Interagency Executive Steering Group. I want to formally invite you to the initial meeting, which will feature participation at the Executive Level, and held at the Eisenhower Executive Office Building Room 350 on July 28, 2017 from 10:00am - 12:00pm. Executive Level meetings will take place twice annually, with regular Sub-InterAgency Working Group Meeting held quarterly, chaired by subject matter experts from ONDCP as well as by Agency designees empowered to advance policy issues.

This Executive Steering Group will give us the opportunity to collaborate on the wide spectrum of demand reduction issues, helping ONDCP and Interagency Partners to prioritize and operationalize demand reduction priorities across the Federal Government. Issues addressing the opioid epidemic and other drug use will range from the broad continuum of care across services from prevention to early intervention, treatment and recovery, and elements of the public health and public safety interface. There are a myriad of priority issues that will be addressed on an ongoing basis, from addressing the prescription drug epidemic via federal rules and regulations,

AMERICAN OVERSIGHT

Good Afternoon Executives:

It is time for HUD to re-certify its senior executive service performance management system. This is a pay-for-performance system which requires that OPM certify our performance appraisal system, with OMB concurrence.

Once we are certified, we can make SES pay adjustments and have access to the higher aggregate pay limit. Therefore, we thank you for accepting this required training which will introduce you to the new SES performance management system.

After this training, you will provide an important deliverable due on July 27, 2017 – your FY18 performance plan which is an integral requirement for certification.

You will also understand the following new criteria:

* The new government-wide SES performance measures and management system
* How to develop a Critical Element 5 new criteria
* How to write measurable results in accordance with the OPM mandate for certification.
* How to delineate clear results
* How to identify quality indicators
* Assure a clear transparent reference to the strategic plan and other organizational performance documents

Deana:

If you have not already done so, I suggest we map out the remaining work of the taskforce and commit to a timeline for deliverables.

Not sure if the taskforce will continue as a standing committee or if it will be brought to closure once the work has been competed.

If you have already completed the suggestion it would be beneficial to share with the group so we are all on board.

Have a great weekend!

Meeting pre-work: Rethink American Communities

What are actions we can take for the agency, an office, or specific program to improve our efforts related to:

1. Promote economic mobility by encouraging self-sufficiency and financial stability among HUD-assisted residents.

2. Eliminate lead and ensure that American homes are safe again.

3. Enhance and reform our programs that reduce the rental burdens in every American community to increase affordable housing options.

Can these actions be implemented in 30 days, 180 days, or more than 1 year? These suggestions should represent your priority actions for improvement with no more than 4-6 ideas.

OCHCO Leadership Journey Series: David Eagles

AMERICAN OVERSIGHT

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with David Eagles, Chief Operating Officer, about his journey to become a HUD Leader.

For those viewing via webcast, you may send questions in advance or during the session to LeadershipJourneySeries@HUD.gov <mailto:LeadershipJourneySeries@HUD.gov> .

Good Afternoon Deana,

I hope that all is well. As follow-up to our conversation during the Catholic Charities USA (CCUSA) Spring Gathering in Alexandria, I would like to schedule a time to meet with you to discuss the Administration's housing priorities and to share with you priorities and concerns of the Catholic Community. Joining us for the meeting would be Brian Corbin, executive vice president, CCUSA and Mark Rohlena, director of Office of Domestic Social Development, United States Conference of Catholic Bishops (USCCB) and maybe a few staff from both organizations.

Would you be available to meet some time during the next couple of weeks? If so, please let me know your availability so I can coordinate with USCCB/CCUSA participants.

Thanks,

Subject: Section 3 Task Force

Dear Ms. Bass,

The National Association of Home Builders (NAHB) recently met with Sheila Greenwood and Janet Golrick to discuss our common goals and share some policy concerns. In the course of our conversation about Secretary Carson's interest in the Section 3 program, Ms. Greenwood referred us to you as the point person on the Secretary's Section 3 Task Force.

NAHB would appreciate the opportunity to meet with you at your earliest convenience to discuss the Secretary's plans for Section 3. Additionally, we would like to learn more about the Task Force, and to participate in the Task Force discussions as opportunities present.

Although NAHB does have some concerns about the administrative and cost burdens associated with the current Section 3 requirements, we would like to be part of the important conversation about employment opportunities for low-income men and women in the construction field. In fact, NAHB's affiliated Home Builders Institute (HBI) is a national leader for career training in the building industry. Through certification programs, mentoring, pre-apprenticeships and job placement services, HBI prepares its students - including at-risk and underserved populations such as youth, veterans, ex-offenders and displaced workers - with the skills and experience they need for successful careers in the building industry.

During the next couple of weeks, we have excellent availability on:

May 17 and 18 after 11 AM

May 22 from 11 AM to 3 PM

May 23 from 1PM to 3 PM

May 25 after 11 AM

AMERICAN OVERSIGHT

June 1 and 2 after 11 AM

Please let me know if any of these times work for you. I look forward to meeting you.

Thank you for your consideration.

June is National Homeownership Month, a time to reflect on the impact owning a home has on household wealth, neighborhood stability and our nation's broader economic health. Join Secretary Ben Carson and a diverse group of experts on June 1, 2017 to discuss the history and the outlook of this central foundation of 'The American Dream." Our panel of researchers and housing professionals will discuss the recent housing crisis and its impact on consumer behavior with a focus on the challenges millennial purchasers face as they enter the market in greater numbers.

Emmy-award winning CNBC Real Estate Reporter Diana Olick will moderate the discussion with experts from the Mortgage Bankers Association, the Center for NYC Neighborhoods, Harvard University's Joint Center for Housing Studies, and National Association of Realtors.

The National Homeownership Month kick-off event will begin at 2:00 p.m. EDT in the Brooke-Mondale Auditorium. Regional and field staff may view the discussion live via webcast <http://webcast.hud.gov/> . If you're viewing this webcast internally, we advise you use Internet Explorer as your browser.

Subject: Follow-Up: Vision Center Nutrition P3 - HUD, GNC and Common Threads
Deana,
Thank you again for taking time to talk with me and Marcus regarding Secretary Carson's "Vision Centers." We very much appreciate the insights and are excited to see if we can create a Public-Private Partnership to help tackle nutrition issues in inner city public housing.
As we discussed, we think a P3 between HUD, GNC and Common Threads, would be a creative health and wellness offering while the Secretary looks to help make public housing Section 3 compliant with physical locations focused on job training and employment opportunities. Common Threads has already developed a curriculum and teaching approach that could be underwritten by GNC to be rolled out to your piloted "Vision Center" cities. Common Threads already has a presence in Chicago, Pittsburgh and Miami, so we would propose those locations as the launch if possible, but certainly we are happy to discuss further. We think it would make sense to schedule a meeting with GNC, Common Threads and your team to discuss next steps. Included in that discussion, we are happy to bring along a copy of the proposed curriculum for your review.
Also, as we mentioned, Common Threads would like to extend a couple of invitations to the Secretary, both of which are here in Washington, so hopefully convenient to his schedule. First, below,

AMERICAN OVERSIGHT

please find an invitation from Common Thread's CEO to speak on a panel about strengthening urban communities through nutrition education. The details are attached as well and we would obviously welcome him, or his designee, to the panel. We also talked about a photo opportunity where the Secretary could join one of Common Thread's new efforts to disperse fresh fruits and veggies in a local DC neighborhood with public housing that lacks access to those ingredients—a food desert. That program will launch later this summer, so will need to get back to you with details, but we think it is an easy way for the Secretary to demonstrate his understanding of how housing can impact every aspect of someone's life!
Please let us know your thoughts on next steps. We look forward to working together on "Vision Centers!"
Thanks,
Cristina

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with

Clifford Taffet, General Deputy Assistant Secretary for Community Planning and Development, about his journey to become a HUD Leader.

Mtg. w/ Deana Bass
Hi, Ray – thank you for your message, we are confirmed for Tuesday afternoon, 3:00.
I'll be in touch if any scheduling issues arise (always possible if something comes in from the secretary!) If you need to reach me, you have my email and number below. When you arrive to HUD, there are two entry points on 7th St. Our office is on the South side, and you can enter at the South lobby, which is located directly behind the very large cement tower with the embedded Dept. of Housing sign. Please have a gov.-issued ID with you when you arrive for check- in. I will meet you in the lobby and escort you to Deana's office.
Thank you,

Subject: Meeting May 17 or 18
Deana great speaking with you last week. You remain in my prayers as you serve the Lord in your position at HUD. I know things have been crazy since we talked about a visit to HUD back in January. As you may remember Human Coalition (formerly Online for Life) has women's clinics in urban areas throughout the country and we are adding new clinics each year. Our women's clinics provide free service for women but we do not refer for or perform abortions.
Over the years since I have served in this area I have run into unique problems in urban areas with red tape and getting the runaround because I believe the work we do is in direct competition to the abortion providers. Every life we save means money lost for them. Dr. Carson visited Gary, Indiana a few years ago and spoke for one of the clinics that I help start. Despite all kinds of

AMERICAN OVERSIGHT

challenges from the city that clinics is thriving. (Thanks to then Governor Pence who stepped in)
Brian Fisher the president of Human Coalition will be town May 16 through May 18th. I would like for us to have a meeting with you to share about our work and find if there are ways that HUD can assist at least in helping us to cut through the costly hassles of setting up life affirming women's clinics that provide free services to underserved women and families.

I have copied my colleague Carrie Beliles who is also assisting me with our efforts. I look forward to your reply.

Subject: Meeting May 17 or 18
Deana great speaking with you last week. You remain in my prayers as you serve the Lord in your position at HUD. I know things have been crazy since we talked about a visit to HUD back in January. As you may remember Human Coalition (formerly Online for Life) has women's clinics in urban areas throughout the country and we are adding new clinics each year. Our women's clinics provide free service for women but we do not refer for or perform abortions.
Over the years since I have served in this area I have run into unique problems in urban areas with red tape and getting the runaround because I believe the work we do is in direct competition to the abortion providers. Every life we save means money lost for them. Dr. Carson visited Gary, Indiana a few years ago and spoke for one of the clinics that I help start. Despite all kinds of challenges from the city that clinics is thriving. (Thanks to then Governor Pence who stepped in)
Brian Fisher the president of Human Coalition will be town May 16 through May 18th. I would like for us to have a meeting with you to share about our work and find if there are ways that HUD can assist at least in helping us to cut through the costly hassles of setting up life affirming women's clinics that provide free services to underserved women and families.

I have copied my colleague Carrie Beliles who is also assisting me with our efforts. I look forward to your reply.

Hi Deana, Laura,
My colleague, Southerlyn Worsham suggested we reach out to you to set up a call to discuss how HUD might participate in our

MyFreeTaxes www.myfreetaxes.com program. As it's not too late to include low-income residents for 2017 we would like to speak with you at your earliest convenience. Is there a time that might work best for you on Monday 4/10 or Tuesday 4/11? Afternoons are slightly better for us. Please let us know. We look forward to speaking with you.

Dear Colleagues,

Please join Secretary Ben Carson and FHEO Acting Assistant Secretary Bryan Greene, on Tuesday, April 4, 2017, in commemorating the 49th Anniversary of the Fair Housing Act. This year's theme, Fair

AMERICAN OVERSIGHT

Housing Equals Opportunity, recognizes that equality in housing is the foundation upon which aspirations can be achieved and affirms the continued relevance of the Fair Housing Act.

This year's keynote speaker is Malcolm "Mike" E. Peabody, Jr. Mr. Peabody devoted his career to finding viable solutions to challenging public policy issues. Most notably, while serving as FHEO's Deputy Assistant Secretary during President Richard M. Nixon's Administration, Mr. Peabody developed the blueprint for the Section 8 Program.

The event will begin at 2:00 p.m. EDT. Staff in the Robert C. Weaver Building may attend the program in the Brooke-Mondale Auditorium. Regional and field office staff may view the program live at http://webcast.hud.gov.

If you have any questions regarding the program, please contact Karina Leake at fairhousingmonth@hud.gov <mailto:fairhousingmonth@hud.gov> .

Date: 3/28/17

Time: 1:30 PM ET

Conference Call #: 877-336-1280; Access Code: (b)(6)

Background:

St. John's Shelter for Women and Children in Sacramento. Unlike traditional housing first programs, this shelter requires sobriety, self improvement toward a high school degree or equivalent and work experience. Women learn how to take care of their children and themselves, and become self sufficient. When they graduate, they move into jobs and apartments. It is a great program, and we were hoping to get Michele in to meet with Secretary Carson or senior staff who might consider this a model for the country. Current housing and welfare programs could better incentivize these types of programs over the housing first programs that do little to address underlying causes of homelessness.

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today.  Some have travelled many miles, while others began their journey just down the

street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with

Janet M. Golrick, Acting Deputy Secretary, about her journey to become a HUD Leader.

For those viewing via webcast, you may send questions in advance or during the session to LeadershipJourneySeries@HUD.gov.

Hello all -

Thanks for all your work thus far to brief the Beach Head Team on key issues and regulations. Office Presentations are now scheduled for the next two weeks with Secretary Carson.

Logistics: All meetings will be in the Secretary's Conference Room, Room 10233. They will last 1-2 hours - because they are scheduled tightly, please arrive a few minutes early and be ready to present on time.

Presentations: These briefings will be done electronically. By 1:00pm the afternoon before your presentation, please send your completed PPT to Anne Gribbin, Sheila Greenwood, Maren Kasper, Craig, and myself and cc: DeShaunta Franklin and Tanya Daggett. If your presentation is on a Monday, please send your presentation no later than 2:00 PM on the Friday before the weekend. Please bring up to (4) staffers you believe to be crucial to the content of the presentation or ability to answer questions. Also, please have print-outs available in case we experience technological difficulties.

Areas of focus: As indicated in the template (re-attached here), the goals of these presentations are to deliver key information to Secretary Carson and allow him and key staff to answer questions about your offices. Please plan your presentation to ensure that you address everything in the template, including any Items Requiring Immediate Attention.

I welcome questions - and appreciate your ongoing support.

Thank You!

Janet

Subject: Section 3 Task Force

Dear Ms. Bass,

The National Association of Home Builders (NAHB) recently met with Sheila Greenwood and Janet Golrick to discuss our common goals and share some policy concerns. In the course of our conversation about Secretary Carson's interest in the Section 3 program, Ms. Greenwood referred us to you as the point person on the Secretary's Section 3 Task Force.

NAHB would appreciate the opportunity to meet with you at your earliest convenience to discuss the Secretary's plans for Section 3. Additionally, we would like to learn more about the Task Force, and to participate in the Task Force discussions as opportunities present.

Although NAHB does have some concerns about the administrative and cost burdens associated with the current Section 3 requirements, we would like to be part of the important conversation about employment opportunities for low-income men and women in the construction field. In fact, NAHB's affiliated Home Builders Institute (HBI) is a national leader for career training in the building industry. Through certification programs, mentoring, pre-apprenticeships and job placement services, HBI prepares its students - including at-risk and underserved populations such as youth, veterans, ex-

offenders and displaced workers – with the skills and experience they need for successful careers in the building industry.

During the next couple of weeks, we have excellent availability on:

May 17 and 18 after 11 AM
May 22 from 11 AM to 3 PM
May 23 from 1PM to 3 PM
May 25 after 11 AM
June 1 and 2 after 11 AM

Please let me know if any of these times work for you. I look forward to meeting you.

Thank you for your consideration.

Kindest regards,

Michelle Kitchen

Subject: Brainstorm:

Hi All,

As you all know, the Section 3 task force has a subcommittee that is considering rulemaking and other tools the Department has that create jobs. Some have expressed interest in contributing to that committee.

At this point, it would be very helpful for each program office to provide Deana Bass (cc'd) and I, a two-page single spaced document that outlines the tools your office currently has to create jobs, including Section 3 and other tools. It would be helpful to break the document up into things you believe could be accomplished in 6 months, 1 year and 2 years. Be as creative or as practical as you deem appropriate.

Please send your two-pager's to Deana and I by COB, May 5.

Thanks everyone and have a great weekend!

Just making sure we are all working off the most current LxL for Detroit, which is attached. There is going to be a change for the lunch venue for the CDBG lunch. We are in the process of locking in a new location and will have that for everyone tomorrow. Please let Lynne or myself know if you have any questions.

The walk through today went great. Is there a time tomorrow that would work for everyone to do a call so I can give an update.
